TRACK 1M	TRACK 2M	2x TRACK 1M KIT
6020001	6020002	6020040
6020009	6020010	6020041

EN - IT IS RECOMMENDED A SUSPENSION KIT IS USED IMMEDIATELY NEXT TO ANY/ALL CONNECTORS. ONLY THE SUSPENSION KITS MUST SUPPORT THE WEIGHT OF THE WHOLE SYSTEM

FR - Il est recommandé d'utiliser un kit de suspension juste à côté de chaque/tous les connecteurs. Seuls les kits de suspension doivent supporter le poids de l'ensemble du système

IT - Si consiglia di utilizzare un Kit di sospensione immediatamente accanto a tutti i connettori.

Solo i kit di sospensione devono supportare il peso dell'intero sistema

DE - Es wird empfohlen, ein Aufhängungsset unmittelbar neben allen Schienenverbindern zu verwenden. Nur die Aufhängungsätze müssen das Gewicht des gesamten Systems tragen

EN - ADDITIONAL SUSPENSION KITS CAN BE ADDED AT THE USER'S DISCRETION.

FAILURE TO SUPPORT THE TRACK MAY RESULT IN AN IRREPARABLE DAMAGE TO THE CONNECTORS

FR - Des kits de suspension supplémentaires peuvent être ajoutés à la discrétion de l'utilisateur.

Le fait de ne pas soutenir le rail peut entraîner des dommages irréparables aux connecteurs

IT - Kit di sospensione supplementari possono essere aggiunti a discrezione dell'utente.

Il mancato supporto del binario può provocare un danno irreparabile ai connettori

DE - Zusätzliche Aufhängungssets können nach Ermessen des Benutzers hinzugefügt werden.

Wenn das Schienensystem nicht genug gestützt wird, können die Steckverbinder irreparabel beschädigt werden

EN - DUE TO THE MODULARITY OF THE TRACK SYSTEM AND ALL ITS PERMUTATIONS, ASTRO ARE UNABLE TO PROVIDE CATERED ADVICE REGARDING THE POSITION OF THE SUSPENSION KITS

FR - En raison de la modularité du système de rails et de toutes ses permutations, Astro ne peut pas fournir des conseils personnalisés concernant la position des kits de suspension

IT - A causa della modularità del sistema di binari e di tutte le sue permutazioni, Astro non è in grado di fornire una consulenza adeguata sulla posizione dei Kit di sospensione

DE - Aufgrund der Modularität des Schienensystems und all seiner Konfigurationsmöglichkeiten kann Astro in Bezug auf die Position der Aufhängungssets nicht beratend tätig werden

EN - IT IS RECOMMENDED THE TRACK IS LEVEL AND THE LUMINAIRE WEIGHT EVENLY DISTRIBUTED TO AVOID TILTING

FR - Il est recommandé que le rail soit de niveau et le poids du luminaire uniformément réparti pour éviter toute inclinaison

IT - Si raccomanda che il binario sia allo stesso livello e il peso dell'apparecchio distribuito uniformemente per evitare l'inclinazione

DE - Es wird empfohlen, die Schiene eben und das Leuchtengewicht gleichmäßig zu verteilen, um ein Kippen zu vermeiden
